

Total

PERFORMANCE

PRODUCTION SALE

3-20-24

Cattlemen and Cattewomen.

Welcome to our 49th annual Total Performance Production Sale! We're excited to offer another outstanding set of Angus, Simmental, Sim-Angus, and Charolais bulls, along with 50 yearling heifers.

In addition to producing seedstock, we also ranch commercially in the Sandhills and feed cattle so we have designed our program to be Total Performance; producing cows that thrive in a low-input range environment and calves that excel in a feedyard. This past year we fed a pen of bull customer Steve McKay's steers as calf-feds and put them on a very aggressive implant and beta-agonist program-a program that is not very conducive to producing top quality grades; however these steers graded over 96% choice and prime and made \$9/cwt. on the grid! We're proud of that and even more proud that we haven't made any sacrifices in the maternal strength of the cowherd to get to this level of end-product merit. Docility, fertility, fleshing ability, udder quality, sound feet and leg structure, calving ease, and growth to yearling with moderate mature weight are all priorities for us. We received validation on the maternal strength of our cows through the American Angus Association's release of the functional longevity research EPD in late 2023. This is a measure of the number of calves a cow is expected to produce by 6 years of age, compared with other cows. 96% of our cows are at or above breed average for this trait, which is an indicator of the most economically important factor for ranches.

The largest expense for ranches is feed, and we've made a large investment in a feed efficiency system to measure intakes on bulls and the rate at which they've converting pounds of feed into pounds of gain. We're excited to share this data for the second year on the bulls we were able to run through the test pen, a majority of the offering.

These are exciting times in the cattle industry; we expect strong prices to last for a long time. We believe an investment in a Wagonhammer bull will pay dividends for years to come.

Thank you for your interest in our program! It would be very difficult to get through all 300 head of cattle on the morning of the sale; hence we encourage you to come the day before the sale, or even better yet, make a trip to the ranch anytime before that. Please give us a call and we'd be glad to host you!

Sincerely,

Jay Wolf & Alex Wolf
Owners

Joe Epperly
Director of Genetics and Sales

TERMS & CONDITIONS

Standard Terms and Conditions as adopted by the American Angus Association, American International Charolais Association and American Simmental Association respectively.

PRE-SALE PARTY

March 19, 2023 beginning at 5:00 P.M. at the sale facility. All of us will be there to answer any questions you may have about our program. Bulls will be available to view at sale facility starting March 11th.

• Videos, Updated EPDs, Ultrasound & Scrotal Measurements, Available sale day and on the website: www.wagonhammer.com

BREEDING GUARANTEE

Bulls selling for more than \$3,000 are guaranteed for 90 days from first turnout against breeding injury. If a replacement bull is available, he will be provided. If a replacement bull is not available, credit will be given in next year's Wagonhammer Sale. Credit will be the purchase price less volume discounts and salvage value of the injured bull to be used for the purchase of one replacement bull. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be prior to Oct. 16, 2024. This is not a mortality insurance policy. Mortality insurance will be available sale day through American LiveStock Insurance. Sale day contact Jim Gies (970) 590-0500. Any deviations from the above statement will be worked out between the buyer and Wagonhammer Ranch.

FERTILITY

All bulls selling have passed a semen test. MC Veterinary Service in Ericson fertility tested and scrotal measured the bulls. Feel free to contact Dr. Haley Bredthauer at (308) 201-0567.

RETAINED SEMEN INTEREST

Sellers retain 1/3 semen interest on all bulls selling. Buyers receive full possession and all salvage value.

DELIVERY

We are glad to deliver or arrange trucking for your bulls and heifers within 300 miles of Bartlett, NE. We will assist with trucking nationwide to central points as we are able. We will begin delivery starting March 21.

BULL BUYER'S VOLUME DISCOUNT

On 5 or more bulls - 5%

On 10 or more bulls - 10%

ONLINE BIDDING & BROADCASTING

The sale will be broadcast live with online bidding on SuperiorLivestock.com and SuperiorClickToBid.com. Please register to bid at least 24 hours before the sale. **See page 41 for complete information.**

CALVING EASE

We pride ourselves on providing you our valued customers with bulls that will produce calves that are born easily, get up quickly and start growing. We also recognize that not every bull needs to breed heifers and so we have created a system to identify the potential heifer bulls in the sale via a star rating system. Please use the key below to help understand our recommendations on how each bull can be used based off their EPDs, actual performance, dam's production record and pedigree history.

5 STAR CALVING EASE

No doubt heifer bull. He was born light and unassisted. His EPDs are elite for calving ease. His sire, dam and maternal grandsire have a history of calving ease.

4 STAR CALVING EASE

EPDs for CED and BW suggest he should work well on heifers. Born with moderate birth weight and born unassisted. Pedigree has history of calving ease.

3 STAR CALVING EASE

EPDs for CED and BW suggest calving ease. Born with either heavier actual weight unassisted or smaller actual weight with abnormal presentation. Can be used on heifers with caution especially that are more developed prior to first calving (weighing 1150 +). These bulls will fit well to breed wet two year olds. Pedigree has calving ease history.

Bulls without highlighted calving ease – bulls that aren't highlighted for calving ease will have typical Angus characteristics for easy calving but their numerical indicators and history tell us that they will work best on cows to maximize growth.

Our Charolais bulls average in the top 25% of the breed for calving ease but we only breed Purebred Charolais heifers to Charolais bulls. Our commercial heifers are all bred to Angus bulls and so the Charolais are not scored for calving ease like the Angus. Please use CED as you evaluate those bulls for use in your program.

TOP DOLLAR & CERTIFIED ANGUS BEEF

We have joined a partnership with Top Dollar Angus to help supply high quality genetics to the feeding industry and to help connect you, our customers, with those buyers looking for high quality genetics. More information about the program is on **page 16**.

The American Angus Association and Certified Angus Beef have launched a program to recognize bulls with the genetic potential to expand the supply of CAB beef in the marketplace. More information on this logo and it's definition is on **page 59**.

4 star calving ease. You've got to love it when a plan comes together. We bought Salvation semen with this cow in mind and these brothers are all we could've hoped for. To have their combination of look, calving ease, marbling and foot quality is unique in the Angus business today. We think they are herd bulls and breed changers. Their mother is the top Marbling cow in the herd to go along with 114 weaning, 110 yearling and 127 IMF ratios. Great uddered, picturesque and sound, she's the total package. This lead off bull was the 2nd best F:G in Spring Angus ETs to go along with being the #1 \$C bull in the sale. Here's a big time genomics bull with real world figures and look. Top 1% Marb, \$B, \$C, Top 2% \$G, Top 5% \$F, Top 10% \$W, Top 20% CED, YW, Top 25% Claw, Top 30% \$M

5 star calving ease. We love everything about the quality and kind in this Gulfstream sire group. The bull himself was a man amongst boys at Connealy's and we were blessed to lease him and run him. This whole group is extra flexible and masculine, what a bull should be. This son of E560, the maternal sister to WAR Cavalry B063, the popular AI sire whose sons and daughters have highlighted events across the country, is my favorite heifer bull on the sale. He puts together a balanced set of EPDs in a high quality package while converting under 5 lbs. Top 3% CED, Top 5% \$M, Top 10% Angle, Top 15% HP, \$W, Top 20% BW, WW, \$F, \$C, Top 25% YW, DMI

Draxxin KP
(tulathromycin and ketoprofen Injection)
INJECTABLE SOLUTION

zoetis

IMPORTANT SAFETY INFORMATION: Draxxin KP has a pre-slaughter withdrawal time of 18 days in cattle. Not for use in female dairy cattle 1 year of age or older, including dry dairy cows. Not for use in beef calves less than 2 months of age, dairy calves, and veal calves. A withdrawal period has not been established for this product in pre-ruminating calves. Do not use in animals previously found to be hypersensitive to tulathromycin and ketoprofen. See full Prescribing Information at DraxxinKP.com/PI.

*Draxxin KP animals showed a numerically improved attitude and respiratory scores compared with saline-treated and Draxxin-treated animals.

Brief Summary of full Prescribing Information

Draxxin® KP
(tulathromycin and ketoprofen injection)
INJECTABLE SOLUTION

For subcutaneous injection

Antibiotic: 100 mg of Tulathromycin/mL

Non-Steroidal Anti-inflammatory Drug: 120 mg Ketoprofen/mL

CAUTION: Federal law restricts this drug to use by or on the order of a licensed veterinarian

DESCRIPTION

DRAXXIN KP (tulathromycin and ketoprofen injection) Injectable Solution is a ready to use sterile parenteral preparation containing tulathromycin, a semi-synthetic macrolide antibiotic of the subclass triamliide and ketoprofen a non-steroidal anti-inflammatory drug. **ACTIVE INGREDIENTS:** Each mL of DRAXXIN KP contains 100 mg of tulathromycin as a free base and 120 mg ketoprofen as a free acid in a 50% propylene glycol vehicle. **INACTIVE INGREDIENTS:** monothio glycerol (5 mg/mL), 2-pyrrolidone (70 mg/mL), citric acid (20 mg/mL) and sodium hydroxide/hydrochloric acid added to adjust pH. DRAXXIN KP contains an equilibrated mixture of two isomeric forms of tulathromycin in a 9:1 ratio and a racemic mixture of ketoprofen.

The chemical names of the tulathromycin isomers are (2R,3S,4R,5R,8R,10R,11R,12S,13S,14R)-13-[[[2,6-dideoxy-3-C-methyl-3-O-methyl-4-C-[[propylamino)methyl]-α-L-ribo-hexopyranosyl]oxy]-2-ethyl-3,4,10-trihydroxy-3,5,8,10,12,14-hexamethyl-11-[[[3,4,6-trideoxy-3-(dimethylamino)-β-D-xylo-hexopyranosyl]-oxy]-1-oxa-6-azacyclotridecan-15-one and (2R,3R,6R,8R,9R,10S,11S,12R)-11-[[[2,6-dideoxy-3-C-methyl-3-O-methyl-4-C-[[propylamino)methyl]-α-L-ribo-hexopyranosyl]oxy]-2-[(1S,2R)-1,2-dihydroxy-1-methylbutyl]-8-hydroxy-3,6,8,10,12-pentamethyl-9-[[[3,4,6-trideoxy-3-(dimethylamino)-β-D-xylo-hexopyranosyl]oxy]-1-oxa-4-azacyclotridecan-13-one, respectively.

The chemical name of ketoprofen is 2-(3-Benzoylphenyl) propanoic acid.

INDICATIONS

Draxxin® KP is indicated for the treatment of bovine respiratory disease (BRD) associated with *Mannheimia haemolytica*, *Pasteurella multocida*, *Histophilus somni*, and *Mycoplasma bovis*, and control of pyrexia associated with BRD in beef steers, beef heifers, beef calves 2 months of age and older, beef bulls, dairy bulls, and replacement dairy heifers. Not for use in reproducing animals over one year of age, dairy calves, or veal calves.

DOSAGE AND ADMINISTRATION

Inject subcutaneously as a single dose in the neck at a dosage of 2.5 mg tulathromycin and 3 mg ketoprofen/kg (1.1 mL/100 lb) bodyweight (BW). Do not inject more than 10 mL per injection site. Use this product within 56 days of the first puncture and puncture a maximum of 20 times. If more than 20 punctures are anticipated, the use of automatic injection equipment or a repeater syringe is recommended. When using a draw-off spike or needle with bore diameter larger than 16 gauge, discard any product remaining in the vial immediately after use.

Table 1. DRAXXIN KP Cattle Dosing Guide

Animal Weight (lb)	Dose Volume (mL)
150	1.7
200	2.3
250	2.8
300	3.4
350	4.0
400	4.5
500	5.7
600	6.8
700	8.0
800	9.1
900	10.2
1000	11.4

CONTRAINDICATIONS

The use of DRAXXIN KP Injection is contraindicated in animals previously found to be hypersensitive to tulathromycin and ketoprofen.

WITHDRAWAL PERIODS AND RESIDUE WARNINGS: Cattle must not be slaughtered for human consumption within 18 days following last treatment with this drug product. Not for use in female dairy cattle 1 year of age or older, including dry dairy cows; use in these cattle may cause drug residues in milk and/or in calves born to these cows or heifers. Not for use in beef calves less than 2 months of age, dairy calves, and veal calves. A withdrawal period has not been established for this product in pre-ruminating calves.

USER SAFETY WARNINGS:

NOT FOR HUMAN USE. KEEP OUT OF REACH OF CHILDREN.

The Safety Data Sheet (SDS) provides more detailed occupational safety information. To obtain a Safety Data Sheet contact Zoetis Inc. at 1-888-963-8471.

ANIMAL SAFETY WARNINGS and PRECAUTIONS

The effects of DRAXXIN KP on bovine reproductive performance, pregnancy, and lactation have not been determined. Not for use in reproducing animals over one year of age because reproductive safety testing has not been conducted. Administration of tulathromycin and ketoprofen injection may result in injection site swelling that appears the day after treatment and may persist for at least 32 days post-injection. This may result in trim loss of edible tissue at slaughter.

As a class, cyclo-oxygenase inhibitory NSAIDs (Ketoprofen) may be associated with gastrointestinal, hepatic and renal toxicity. Sensitivity to drug-associated adverse effects varies with the individual patient. Patients at greatest risk for renal toxicity are those that are dehydrated, on concomitant diuretic therapy, or those with renal, cardiovascular, and/or hepatic dysfunction. Use judiciously when renal impairment or gastric ulceration is suspected.

Since many NSAIDs possess the potential to induce gastrointestinal ulceration, concomitant use of DRAXXIN KP with other anti-inflammatory drugs, such as other NSAIDs and corticosteroids, should be avoided or closely monitored. Discontinue use if fecal blood is observed.

ADVERSE REACTIONS

Repeated administration of NSAIDs can result in gastric or renal toxicity. Sensitivity to drug-associated adverse effects varies with the individual patient. Patients at greatest risk for toxicity are those that are dehydrated, on concomitant diuretic therapy, or those with pre-existing gastric ulcers, renal, cardiovascular, and/or hepatic dysfunction.

HOW SUPPLIED

DRAXXIN KP Injection is available in the following package sizes: 50 mL vial; 100 mL vial; 250 mL vial; 500 mL vial

STORAGE CONDITIONS

Store at or below 25°C (77°F), with excursions up to 40°C (104°F). Protect from freezing.

APPROVED BY FDA under NADA # 141-543

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef*® brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

4 star calving ease. I saw the Coalition/Resource combination at Frederickson Ranch in SD in 2021 and knew we needed to make some. Most of them ended up heifers which will be great. Here's the chance at a power cow maker mating in a heifer bull number package. Top 4% PAP, Top 10% DOC, Top 15% Claw, \$M, Top 25% Milk

U-2 COALITION 206C

Top Dollar Angus Feeder Calf Program

Promote Your Verified Genetic Investment

Top Dollar Angus is the industry leader in third-party genetic verification and marketing assistance for superior Angus and Red Angus-based feeder cattle. Our program stamps a unique identity on the 'best of the best' by verifying and then showcasing their genetic merit. The Top Dollar Angus team works directly with a large number of feedyards and buyers to provide them with documented superior

feeder cattle, coupled with genetic risk mitigation and the precision understanding they need to pursue your cattle with absolute confidence.

Top Dollar Angus enables cow-calf producers to benefit from the genetic value already built into their herds. Producers that invest in high-end genetics, as well as strong health and nutrition programs, need a means of positively differentiating their calves from average cattle. Top Dollar Angus does that. Industry demand is strong for genetically superior feeder calves with the right supporting documentation. Don't make buyers guess, let them know by putting the Top Dollar Angus badge of honor on your premium genetic investment.

Contact our team for more information and a free evaluation:

This commercial bull comes with a little story. He was born very close to his embryo date out of a 3 year old that we couldn't sire identify so she became a recip. By the time I figured out he was a commercial bull, he was such a stud that I couldn't bring myself to cut him. He's still one of the heaviest bulls in the pen. His genomic ranks put him: Top 3% RE, Top 7% PAP, Top 20% Claw, Top 22% YW, Top 29% WW, Milk.

3 star calving ease. Outlier was our \$25,000 selection out of the Reserve Champion Pen of Three Bulls at the National Western Stock Show. He's known around her for great dispositions and big feet and bone for a heifer bull. 105 weaning and 107 yearling ratios on this guy. Top 20% SC, DMI, Top 25% PAP, Top 30% CED, BW, DOC

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required - *this is not for dial-up or satellite internet*. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

*If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.

A close-up, black and white photograph of a Simmental bull's nose and muzzle. The bull has a white blaze on its face, and the image focuses on the texture of its skin, the nostrils, and the fine hairs around the nose. The background is dark and out of focus.

J1017 - DAM OF LOT 204

We might start the sale right here. This bull has drawn interest from all corners of the Simmental business and he deserves to. At every juncture, he has hit the mark. 73 lbs actual birth weight, 113 weaning, 131 test ADG, 121 adjusted yearling ratio. Genomically he's impeccable. He's one of only two PB bulls in the breed with his level of API and TI and he's the higher YW bull of the two. Phenotypically, he is as soft made and easy fleshing as you can ask for with a big square set of testicles, great feet, skeletal width and muscle to burn. His mother was the high selling Simmental cow of the ABG dispersal and the only bad part about her is we don't own her. We're going to collect this bull prior to sale and use him in the program. Top 1% DOC, Marb, TI, API, Top 2% WW, YW, Top 10% CED, Milk, Top 15% BW

J4724 - DAM OF 212

There are few bulls in the Simmental breed that we are more excited about than Patriot. He's a PB Eagle son that puts a little more frame in them than his sire along with a little more look. 2/3 of CK Cattle's Pen of 3 Heifers at National Western were Patriots and when you see the heifer in the opens you'll understand. The top selling heifer on our online sale was a Patriot. This bull is out of the top selling heifer of our 2022 sale that got hand bred to Patriot. We can't say enough about the future in this bull. Top 2% YW, Top 3% WW, Top 4% RE, Top 10% DOC, TI, Top 25% API 3/4 SM 1/4 AN

the total performance brand.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required - *this is not for dial-up or satellite internet*. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

*If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.
